## Aphelion Releases *August Dance*

*August Dance* is a *tour de force* from Aphelion. From the driving opening track "Pathways of Deceit" to the closing of "Angry October," Aphelion brings a balance of power and delicacy, of drive and subtlety, and of complexity and emotion to the listener.

Kristy Wright's soulful and dynamic vocals and lyrics juxtaposed with the crunch provided by Joe Wilk, Ed Danoff, and Brian Stitcher are a unique and spellbinding sound. Panoramas are painted, burned to ashes, and from those ashes arises a phoenix of compelling rock that must be experienced live.

Aphelion is an Annapolis based band forging an amalgam of rock from metal and contemporary orchestral metal. Writing for the second album is already under way. Aphelion continues to support regional acts from Washington to Philadelphia during this process. Aphelion's first album, *August Dance*, is available from CD Baby, iTunes, Spotify, et al.
